### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Fauste Batista on 12/1/04.

The application has been amended as follows:

In the specification, page 1, line 7, "hers" has been changed to ~~her~~;

page 2, line 6, "Six" has been changed to ~~six~~,

page 2, line 9, "Sheath" has been changed to ~~sheath~~,

page 2, line 12, "bend" has been changed to ~~bent~~;

page 3; line 1, "Nut" has been changed to ~~nut~~.

Claim 1 has been cancelled and replaced with the following claim 2.

Claim 2.

A key holder and key storage bag, comprising:

a bag comprised of fabric and having an open top portion with a periphery, a rigid plastic frame attached to the top periphery and comprising six grooves disposed around the periphery of the frame;

three detachable rigid plastic cover member key holders each comprising two flexible plastic tabs extending therefrom and disposed opposite each other on a

periphery thereof to mount to the top frame by interlocking with the grooves correspondingly disposed on the periphery of the bag top frame, such that when all three covers are mounted to the top frame, the open top portion of the bag is covered by the three adjacently mounted cover members;

each cover member further comprising a rod member extending from a bottom surface of the cover to receive hanging keys and a nut mounted to the end of the rod to secure the keys thereon;

wherein keys may be secured to each cover member and stored within the bag by interlocking the cover member flexible tabs with the bag frame grooves to mount the cover to the bag and, wherein the keys may be accessed by bending the flexible tabs out of interlocking engagement with the grooves to release the cover member key holder and utilize the keys.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a fabric bag with a rigid top frame to interlockingly receive plastic rigid cover member key holders as claimed. Accordingly, claim 2 is allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
